RE: Application for the Registered Nurse - Medical Position

Mediclinic Swakopmund
Human Resources
P O Box 1157
Swakopmund
Namibia

Dear Hiring Manager,

I am writing to apply for the Registered Nurse - Medical position at Mediclinic Swakopmund. I'm a graduate from the University of Namibia with a Bachelor's Degree in Nursing (Clinical Honours) and I'm excited about the opportunity to become part of your healthcare team.

Through my clinical training and work experience at Intermediate Hospital Oshakati, I gained valuable experience in providing patient care, monitoring vital signs, administering medication, assisting with wound care and dressing, maintaining accurate patient records and supporting patients throughout their recovery. These experiences helped me develop confidence in working with patients while providing safe and compassionate care.

I enjoy working closely with patients and their loved ones, and I always strive to treat everyone with kindness, respect and professionalism. I am comfortable working in fast-paced environments and adapting to new situations when required. I am also comfortable using basic computer systems and following procedures to ensure quality patient care.

I am excited about this opportunity because Mediclinic is known as one of the leading healthcare providers, and I believe it would be a great place for me to continue growing as a nurse. I look forward to learning from experienced colleagues while doing what I enjoy most, caring for patients and supporting them through their recovery.

Thank you for taking the time to consider my application. I would welcome the opportunity to discuss how my education and experience align with the requirements of this position. I look forward to hearing from you.

Kind regards,
Beatha N. Simon
